

FORTIFIED

A PROGRAM OF IBHS

PROTECT AND SAVE

Choose FORTIFIED Home

FORTIFIED Home offers homebuyers several opportunities to increase the strength of their investment

FORTIFIED Home™ is a voluntary beyond-code construction and re-roofing program designed to increase a home's resilience and deliver superior performance during severe weather, including hurricanes, derechos and tornadoes. The program offers three levels of designation – Roof, Silver and Gold – that build upon each other.

FORTIFIED Roof™

Strengthens the roof by locking down edges, reinforcing roof deck attachment and sealing the roof deck to minimize the chance of water entering a home.

15 - 25% Discounts*

FORTIFIED Silver™

Includes FORTIFIED Roof, plus strengthens doors, windows and other vulnerable areas to keep wind and pressure from causing serious damage.

25 - 35% Discounts*

FORTIFIED Gold™

Includes FORTIFIED Roof and Silver, plus ties roof to the walls and walls to the foundation. This continuous load path is the most effective way to minimize risk from high winds.

35 - 45% Discounts*

* Discounts are based on industry averages and vary by insurer. Discounts generally apply to weather perils only. Additional discounts may be available.

Consult with your agent for specific details about applicable discounts.

FORTIFIEDHOME.ORG

Based on decades of research, FORTIFIED helps homeowners reduce their risk of damage from severe weather, including hurricanes and tornadoes.
